# VERITAS AWARDS CELEBRATED IN GRAND STYLE

It was an evening of excitement and celebration at the stylish 35th Veritas Awards, featuring another record number of medals to well-known brands, as well as novices. At the same time, the Duimpie Bayly Vertex trophy for the best wine entered was clinched for a second time in a row by the KVV The Mentors Perold 2022, a Pinotage/Shiraz/Cabernet Sauvignon/Malbec. It is the fourth time that a Red Blend clinches the Vertex Award.

At the glamorous dinner known as the "Oscars" of the wine industry that was held in the Ballroom of the CTICC in Cape Town, guests celebrated the Veritas Awards and enjoyed an evening of splendid food, award winning wines and entertainment. The key sponsors of Veritas – SA Litho and Deloitte – were again joined by KykNet's Ontbytsake TV, Nashua, Dry Ice International, Porex SA and newcomers Unitrans and Agrimark/New Holland. Veritas gladly welcomes its partners and appreciates their enthusiastic support and commitment in presenting the Veritas Awards.

The Veritas tradition to honour industry leaders since 2009, was continued this year. Thereby, three leading personalities received the 2025 Living Legend Scroll of Honour for their dedication to and enthusiasm and passion for the domestic wine and brandy industries. They are Charles Back, Michael Back and Johan Malan.

We are proud to announce that a record number of 88 Double Gold and 182 Gold awards were handed out this year, together with 249 Silver Outstanding, 434 Silver and 188 Bronze. The Veritas Awards drew 1 205 entries.

The seven most keenly contested categories in terms of entries received were: Red Blends (149), Sauvignon Blanc (130), Chenin Blanc (113), Chardonnay (104), Pinotage (100), Cabernet Sauvignon (98) and Shiraz (84).

The judging panels consisted of five members each and we welcomed four international judges at the judging, sponsored by Dry Ice International. They were Adero Achola (Kenya), Christine Austin (UK), Treve Ring (Canada), Bernard Stramwasser (Canada), Yoshiko Takahashi (Japan) and Joe Wadsack (UK).

Wine lovers will be able to use VinoVeritas by CTP, the updated official shop window for Veritas Awards winners – making South Africa's most celebrated wines and brandies easy to discover and order the Double Gold and Gold winners. Click to shop at <https://vinoveritasbyctp.co.za>

Users of the VinoVeritas by CTP shop window, can join us at the regular public wine tasting countrywide, presented under the Deloitte banner, and taste and buy as they work their way around the room with the awesome selection of Double Gold and Gold wines.

We are delighted that Deloitte fulfils this important marketing role for Veritas and the wine industry with their sponsorship. These tastings will be held on 23 October in Cape Town, 28 October in Durban and 5 November in Johannesburg. All the tastings will take place at the Deloitte premises in each city. See further information at [www.veritas.co.za](http://www.veritas.co.za)

PorexSA will continue to sponsor the tasting of the Double Gold wines in London, as well as flying the winner of the Duimpie Bayly Vertex award to the UK to attend this event.

We are thrilled to have KykNet's Ontbytsake as our TV sponsor and Nashua, Unitrans and Agrimark as our financial partners for the gala dinner.

We are extremely honoured and proud to present the Veritas Awards to the wine consumers both locally and overseas on behalf of the SA Wine Industry. We trust that you will enjoy the amazing selection of outstanding South African Wines awarded by Veritas, either at your home or in your favourite restaurant.

## THE MEDALISTS

The Veritas Awards, South Africa's premier wine and brandy competition, attracted 1 205 medal contenders this year.

An authoritative jury, comprising of 6 international and 77 local specialists, scrutinized candidates for Veritas fame during a marathon five-day blind tasting session.

The seven most keenly contested categories in terms of entries received are: Red Blends (149), Sauvignon Blanc (130), Chenin Blanc (113), Chardonnay (104), Pinotage (100), Cabernet Sauvignon (98) and Shiraz (84).

In total, 1 141 medals were awarded – 88 double gold, 182 gold, 249 silver outstanding, 434 silver and 188 bronze.

Top scorers in the **Double Gold** medal stakes for **Wine** were Chenin Blanc (12), Red Blends (11) and Pinotage (9). Shiraz and Cap Classique with 6 medals each, Sauvignon Blanc (4), Cabernet Sauvignon and Merlot with 3 medals each. Rosé, White Blends, Cabernet Franc, Petit Verdot, Museum White and Museum NLH with 2 medals each.

A **Double Gold medal** each was awarded to Cap Classique Rosé, Chardonnay, Other White Cultivar, Museum Cap Classique, Museum Red, Sémillon and Viognier.

**Double golds for Fortified wines** were awarded to Cape Style (4), Red Muscadel (2) with 1 medal each Dessert Wine, White Muscadel and Museum Cape Style.

**Potstill Brandy** excelled with 6 **Double Gold** awards.

In the **Gold** medal stakes, Red Blends (23) was tops, followed by Pinotage (17), Sauvignon Blanc (15), Cap Classique and Chardonnay 12 medals each. Museum Red and Potstill Brandies each was awarded 9 medals. Cabernet Sauvignon (8), Certified Heritage Wines and Chenin Blanc with 7 medals each. Cape Style, Museum White and Shiraz 6 medals each. Merlot (5), White Blends (4) Cap Classique Rosé and Red Muscadel (3) medals each. Two medals each were awarded to Dessert Wine, Malbec, Museum Cap Classique, Museum White Dessert, Museum NLH, Pinot Noir, Rosé and Straw Wine.

One medal each was awarded to Cabernet Franc, Colombar, Other Red Cultivars, Other White Cultivars, Grenache Blanc, Low Alcohol Wine, White Muscadel, Museum Cape Style, Museum Red Dessert, Natural Sweet Wine, NLH, Petit Verdot, Standard Brandy and White/Red Blend.

Full results are available online at [www.veritas.co.za](http://www.veritas.co.za).

## THE DUIMPIE BAYLY VERITAS VERTEX AWARD 2025

The Board of Veritas decided in 2017 to name one wine as the overall champion of the competition. This top accolade, known as the **Veritas Vertex Award**, takes its name from the Latin vertex, which means “highest point”.

The “vertex” term also refers to the ‘top’ or ‘high point’ of something, such as the vertex of an isosceles triangle, which is the ‘top’ corner opposite its base – which fits perfectly into the Veritas Awards notion of being the pinnacle of all the medals awarded.

Francis Bayly, fondly known “Duimpie”, a Champion of the Industry, wine legend and former chairperson of the SA Young Wine Show and Veritas sadly passed away in August 2021. The board decided to name this award the **Duimpie Bayly Veritas Vertex Award** from 2021 in honour of his immense contribution to South African wine.

A panel of judges was nominated to taste all the Double Gold winning wines on the final day of judging to select the Duimpie Bayly Veritas Vertex Award from them.

**We are delighted to announce that the  
2025 Duimpie Bayly Veritas Vertex Award goes to**

## VERITAS LIVING LEGENDS AWARDS 2025

The tradition of annually honouring a handful of industry leaders was continued at this year's 35th Veritas Awards ceremony, known for many years as the "Oscars of the Wine Industry", on Saturday 11 October 2025. This award, instituted by the Veritas Awards in 2009, serves as recognition for exemplary service to the industry over the years – acknowledging their commitment and paying homage to them for remarkable achievements.

Thereby, three luminaries received the 2025 Living Legends Scroll of Honour for their dedication to and enthusiasm and passion for the domestic wine and brandy industries.

### CHARLES BACK

Charles Louis Back is the third-generation owner of Fairview, one of South Africa's most renowned wine and cheese producers in Paarl, Western Cape. A proud old-boy of Paarl Gymnasium, known for producing both rugby greats and winemakers, Charles went on to complete his military service before studying wine technology at Elsenburg Agricultural College in Stellenbosch. After a practical year at Perdeberg, he officially joined his father, Cyril, at Fairview in 1978, taking full control of the farm in 1995.

From early on, Charles showed a flair for innovation and an instinct to challenge convention. He introduced Mediterranean grape varieties such as Viognier, Tempranillo, Sangiovese and Petite Sirah to the Cape, opening new horizons for South African winemaking. In 2000, he launched *Goats Do Roam*, which quickly became the highest-selling South African wine brand in the United States, and expanded Fairview's reach with the creation of sub-brands such as La Capra and Bloemcool.

Charles' achievements have been widely recognised. In 1996, *Wine Magazine South Africa* named him the second most influential figure in the local wine industry, second only to Nelson Mandela. In 2014, he was awarded the prestigious IWC Lifetime Achievement Award in London, and in 2017 he received both the 1659 Wine Industry Medal of Honour and the South African Farmer of the Year title.

Alongside wine, Charles also turned Fairview into the country's leading producer of artisanal cheeses. Today, Fairview is South Africa's largest producer of specialty cheeses, stocked in major retailers across the country and closely partnered with Woolworths. Recently, the farm also walked away with the most awards at the SA Dairy Championships, a testament to the excellence of its cheesemaking legacy.

True to his entrepreneurial spirit, Charles was also instrumental in putting the Swartland on the map. After discovering an old tobacco farm in Malmesbury, he established Spice Route Wines, a premium brand that helped spark what became known as the *Swartland Revolution*. Together with the Spice Route Destination in Paarl, the brand remains a vibrant expression of exploration and innovation. More recently Charles started the Klein Amoskuil project, where organic and traditional Georgian style natural wines are produced in qvevri – egg-shaped, unglazed earthenware vessels – in the Swartland.

But perhaps Charles' greatest legacy lies in his social impact. Long before it was common practice, he advocated for better working conditions under Apartheid, and in 1997 founded the Fair Valley Workers' Association, giving employees the opportunity to farm their own land. More recently, he shared ownership of Fairview with longstanding staff from previously disadvantaged backgrounds, further supported by Fairtrade accreditation.

Today, Charles Back remains one of the most decorated and respected figures in South African wine. Entrepreneur, innovator and community leader, he continues to honour his family's heritage while pushing the boundaries of what Fairview can achieve, in the vineyard, in the cheesery, and in the community it calls home.

## MICHAEL BACK

Born in 1954, Michael Back has spent a lifetime dedicated to building, stewarding, and transforming the family business.

After graduating from the University of Stellenbosch in 1975 with a BSc (Hons) in Agriculture, Michael returned to the Backsberg farm with a singular focus: to grow and develop the enterprise that his grandfather had begun. His entire professional career has been devoted to managing and expanding this family business – a commitment that he has carried out with passion, pragmatism and an eye on social responsibility.

Michael has through the years led with heart-and-soul and conviction. He has consistently sought to keep the business profitable, to care deeply for employees and the wider community, to champion social justice, to protect and nurture the environment and to embrace technology and innovation.

While the family's business ventures have also included livestock businesses, Michael has chosen to focus on his contributions to the wine industry. These efforts reflect not only the growth of a family enterprise but also Michael and his wife, Jill's, shared values, using business as a force for good.

Michael joined his father, Sydney, in 1976 and quickly set about modernising and professionalising the business. In 1982, he launched a propagation

programme using plant material that had been smuggled into the country by his father and others, laying the groundwork for future vineyard excellence. Just four years later, he earned international acclaim when Backsberg's 1986 Chardonnay was awarded the coveted Domecq Trophy at the International Wine & Spirits Competition for Best South African White Wine.

Throughout the 1990s, Michael continued to expand and innovate. Together with his father, he initiated a brandy distillation program in 1991 and in 1995 won the Domecq Trophy again, this time for Best Brandy of the Show.

In 1998, he launched Freedom Road Sauvignon Blanc, South Africa's first "empowerment wine", with the first bottle signed by President Nelson Mandela in Parliament – a symbolic milestone marrying business with social change. This commitment to empowerment deepened in 2002 with the completion of the Freedom Road housing project, enabling all Backsberg staff to own their homes.

Michael was early to adopt technology and sustainability initiatives: he introduced roto-tanks in the late 1980s, pioneered screwcap bottling in 2003, began the journey to carbon neutrality in 2006, and earned recognition such as the Mail & Guardian Greening the Future Award (2009) and Biodiversity Champion status (2010). His bursary programme funded the equivalent of 150 years of tertiary education for staff and their families.

His achievements were widely recognized: in 2014 he was made a Rotary International Paul Harris Fellow, and in 2015, he received the Drinks Business Lifetime Achievement Award.

In 2021, after nearly five decades in wine, Michael sold the family's interests in the industry. In 2023, Michael and Simon acquired a fruit marketing company, C Fruit, as a springboard into the next chapter of the family's agricultural journey. He retired in 2025, leaving behind a legacy of innovation, integrity, and impact.

## **JOHAN MALAN**

Johan studied BSc Viticulture and Oenology at Stellenbosch University like his father, Frans. After graduation he joined the Simonsig team in 1981, and the next year he stepped into the position of head winemaker. He held this position for 41 years until 2023, before handing over the reins to his son, Michael.

During his career he made major changes to the Simonsig red wine portfolio. The red blends of Tiara, Frans Malan, Redhill Pinotage and Merindol Syrah were the culmination of his dedication to making top class red wines with more body, concentration and structure. He made his first Simonsig Chardonnay in French oak in 1982 and six years later the Simonsig Chardonnay 1988 was rated the best South African white wine at the IWSC in London.

The Kaapse Vonkel was in its infancy in 1982 and still contained Chenin Blanc as the grape variety. Johan changed the blend in 1987, when he introduced Pinot Noir and Chardonnay for the cuvée. In 1997, Kaapse Vonkel became the first Cap Classique to include all three the classic grape varieties used in Champagne when Pinot Meunier joined the fold. Over the years Simonsig has

won the Cap Classique challenge an unprecedented three times. The prestigious Diners Club Winemaker of the Year was awarded to Johan in 2020 for the Simonsig Kaapse Vonkel 2015.

Johan was the founding chairperson of the newly formed Cap Classique Producers Association in 1992. This was one of the very first association ever formed to promote one specific style of wine. Membership now stands at 120.

In 1984 he was invited to join the prestigious Cape Winemakers Guild and twice served as chairperson. The annual auction of the CWG gave him the ideal platform to express his innovative talents. Johan's use of new French oak barrels in 1989 for Pinotage was a big step forward to show the world the great potential of South Africa's own grape variety. His CWG Auction Reserve blend of Pinotage, Cabernet Sauvignon and Merlot in 1991 was an immediate success and created a new style of wine that became known as Cape Blend. The wine was named in honour of Frans Malan, the family patriarch who started the Simonsig story in 1953.

The Grapesmith wines with grape varieties like Marsanne, Roussanne and Grenache Blanc among others, were born out of Johan's interest in white and red varieties from the warm and dry Southern Rhône vineyards. With an eye on climate change, these varieties are well positioned to make top quality wines even under hotter and more arid conditions.

Another of Johan's dreams came true in 2008 with the first Simonsig The Garland single-vineyard Cabernet Sauvignon from the iconic Simonsberg slopes was made. The Garland 2020 received the accolade as the best Cabernet Sauvignon in South Africa by the *Platter Wine Guide*. The grapes came from the vineyards once farmed by his grandfather Pieter Beyers van Niekerk. To him it was like the completion of the circle of life over 3 generations.

BLANC DE NOIR  
& ROSÉ WINES

A large, stylized illustration in gold ink occupies the lower half of the page. It depicts a bunch of grapes on the left, rendered with many thin, curved lines. To the right, a wine glass is shown from a low angle, its base resting on a circular, wavy line that suggests a pool of liquid. The background is plain white.

# Total Workspace solutions

## CONNECTIVITY

A reliable internet connection is the pulse of your business, but not all data is equal and a customised solution will ensure continuity, capacity and speed for seamless online processes.

## SOFTWARE

Digitise your documents and workflow with virtual backup filing systems that are paperless, compliant and efficiently managed.

## CLOUD STORAGE

Secure your data and enable real time collaboration from anywhere.

## VOICE

Virtual PBX reduces hardware and call costs, monitors call costs and enables your team to stay in contact remotely.

## ENERGY

An alternative energy solution ensures business continuity and gives you control of your energy costs.

## ACCESS CONTROL

Business attendance technology enables real time biometric facial recognition, touchless temperature and mask screening, headcount reporting, and time management monitoring linked directly to payroll.

## SURVEILLANCE

Real time A.I. surveillance sends early warning of fire and other irregular patterns to prevent issues before they happen.

## CURRENCY MANAGEMENT

With the help of Nashua's Cash Processing Equipment, you can be more efficient in handling cash, better protected from losses by verifying its fitness, and you will enjoy improved security as a result.

# AGRIMARK

**Plant and Harvest.  
Dream and Do.  
Care and Grow.**

We've been supporting producers for more than 100 years, so we know a thing or two about what it takes to keep producing quality, year after year. From soil preparation and trellising inputs, to mechanisation equipment and expert financing solutions - by partnering with you, we make sure that we can offer cost-effective products, and all the right services and advice to help you succeed.
